## Aquatic Facility Operator Certification Course

PALM SPRINGS, CA  
JANUARY 22 & 23, 2008

Presented by:

**LINCOLN**  
COMMERCIAL POOL EQUIPMENT

in conjunction with  
NRPA Aquatic Section

The AFO Course is designed for those who are responsible for operating clean, safe and efficient aquatic facilities. The course offers in-depth instruction on filtration, disinfection, water testing and treatment, design considerations, facility management, risk management, facility troubleshooting and much more!

The Aquatic Facility Operator Certification Course is a training program specifically intended to meet the needs of those working in public and semi-public recreation pool or waterpark facilities. The AFO program offers a unique discussion of risk management, not usually offered to operations personnel.

Become nationally certified as an AFO and receive a certificate of completion suitable for framing. This 16-hour course features the new Aquatic Facility Operator Manual, one of the most respected publications available on pool operations. This text is not only understandable, you will enjoy reading it and it can be used as a reference on day-to-day operations. The text can be sent to you in advance for a small extra charge.

### **Location:**

**Knott's Soak City**  
1500 South Gene Autry Trail  
Palm Springs, CA 92264

### **Dates:**

January 22 & 23, 2008

### **Course Hours:**

8:30 a.m.-5:00 p.m.

### **Course Fees:**

Payment of \$395.00 includes 16-hour course, text and certificate. Lunch will be provided both days of the course.

### **Quality Instructors:**

The AFO instructor team is comprised of the top aquatic professionals in the United States. AFO instructors have diverse backgrounds in aquatic operations, management, and chemistry and must complete a two-day training course in public presentation, speaking, and technical aquatic skills. AFO instructors are consistently rated as excellent by students.

## **Who Should Take AFO?**

- ✓ Aquatic Directors
- ✓ Aquatic Supervisors
- ✓ Recreation Directors
- ✓ Aquatic Facility Managers
- ✓ Aquatic Programming Personnel
- ✓ Aquatic Design Professionals
- ✓ Waterpark Directors
