LANE STORAGE REEL

PARAGON EZ REEL LANE STORAGE REEL

The new lane storage reel system simplifies the task of winding racing lanes onto the storage reel by systematically guiding the lanes onto the reel. The result is perfectly wound lanes that fit tightly on the reel, no more loose bundles of lanes. The reel design allows one person to wind up five 25 meter lanes in less than 3 minutes! Heavy-duty stainless steel frame with large 6" locking casters and large stainless side wheels with corrugated plastic side protection panels help keep lanes organized and protect staff. Holds 540' of 4" lanes.
