Certified Pool/Spa Operators (CPO®) Training Course

This 2 day training course is the only **nationally recognized** program for the **Commercial Pool/Spa Operator**. Since 1972, the National Swimming Pool Foundation (NSPF) has offered more training than any other pool and spa operator program. NSPF certifies those who pass the course as **Certified Pool/Spa Operators (CPO®)** and gives them a permanent registration number.

The **CPO®** seal of approval is assurance to pool and spa owners that their pool operators and maintenance staff are trained in the most advanced techniques in safety, water chemistry, maintenance and management. The course is conducted by lecturers experienced in the operation, management and design of public pool facilities.

The need for **qualified operators** is greater than ever. Anyone supervising the operation of **any kind of pool** has a life- and health-guarding responsibility to their users. They must keep the facility in good operating order and operate it efficiently and maintain the equipment. Only an individual with suitable training and experience is qualified to meet such responsibilities.

After completion of the course, a final examination will be given on the materials presented in the **CPO® Course**. Each participant must pass the exam to become a **Certified Pool/Spa Operator (CPO®)**. The text for the course is the new **Certified Pool/Spa Operators Handbook**, an invaluable resource and reference guide for the professional who must troubleshoot on a broad spectrum of functional problems. All topics in the **Certified Pool/Spa Operators Handbook** are written by experts with long experience in their areas of specialization.

CPO® Certificates and Wallet Cards

After completion of the course, each “graduate” will receive a certificate, suitable for framing. This includes your **CPO® Registration Number**, which is permanently recorded by the Foundation. A wallet card will be mailed along with the certificate. The card, a miniature of the certificate, also carries the graduate’s personal **CPO® Registration Number**. Your **CPO® Certification** is valid for a period of 5 years.

This course is offered in varying locations during the year and is sponsored by Lincoln. Our goal is to provide practical knowledge concerning pool operation, to introduce new ideas and technology available in the industry, and to provide information to assist your personnel in reducing the cost of operating your swimming pools. This course is designed not only for the pool operator, but also provides information that will be valuable to aquatic supervisors, pool managers, and recreation and maintenance directors.

Course Registration Fees

\$325.00 per person. (\$295.00 for each additional person on same billing.)

Your course fee includes: The revised **CPO® Handbook**, the **CPO® Registration Fees** which provide you a **CPO® Certificate**, **CPO® Wallet Card**, and **CPO® Shoulder Patch**.

Registration Information:

Enrollment is limited in size for maximum effectiveness and participation. Registrations are accepted in the order in which they are received. **NO refunds will be given if a registrant fails to give notice 10 working days prior to the start of the school. Please call (800) 223-5450 to register for the class.**
